Rolltex™

Press-On Tires

Rolltex™ press-on solid tires are engineered using premium rubber compounds permanently bonded to a precision steel band. Available in both black and non-marking gray compounds, they deliver exceptional resilience, cooler operating temperatures, a smoother ride, and outstanding resistance to cuts, chunking, and wear for extended service life.

Rolltex™ Tire Sizes and Load Capacity

Tire Size		Load Capacity				
		Counter Balanced Lift Trucks				
		Up to 6 mph		Up to 10 mph		Other Vehicles
